Introduction

WHAT IS CANNING?

Canned food is a method of thermal food preservation in which a food product and its container sterilized, which allows for the contents to be stored for long periods on a shelf without spoiling.

VINEGAR AND LEMON JUICE FOR CANNING:

What if I told you that vinegar had been around for more than 10,000 years? For hundreds of years, families have passed down the health benefits of vinegar from one generation to the other. Every nationality has its own set of reasons for utilizing this magical elixir, as well as its unique recipe. Nonetheless, not all vinegar is created equal! For example,

WHITE VINEGAR

is made from the most inexpensive ingredients, such as wood chips or pure grain alcohol. This vinegar can be used as a grease buster in your garage or a nontoxic weed killer, but it is not recommended for food preparation because of its high acidity.

APPLE CIDER VINEGAR:

The medicinal properties of apple cider vinegar are the most impressive aspect of this product. A potent antifungal and antibacterial agent, yet gentle enough to be applied topically, consumed whole as a tonic, or applied topically to cure ills, bump, blows, or aching muscles. This is also effective against bacteria & fungus. According to the manufacturer, it's even safe to use on pets to treat skin disorders or as nontoxic flea control and deodorizer.

PRESERVING FOOD WITH LEMON/LIME JUICE:

Lemon or lime juice is the best natural ingredient you can find for keeping your food. Lime juice contains succinic and citric acids, which are naturally antibacterial and antioxidant substances. Apart from that, lemons are beneficial as a natural preservative for fruits, particularly apples and avocados.

PICKLING YOUR VEGETABLES:

Pickling food is one of the most popular ways to extend its shelf life. Pickling is the process of preserving food through brine fermentation. Cucumbers, okra, peppers, summer squash, unripe cantaloupe, watermelon rind, tomatoes, eggs, onions, garlic, and other vegetables are pickled or made into relish. Pickling reduces the PH to less than 4.6, which is sufficient to kill most bacteria and is slightly easier to do than canning because the vegetables do not have to be completely sterile. You will need to purchase some equipment initially, but after that, you should only need a few ingredients to pickle your food. To seal the jars, you'll need a large pot large enough to boil water and partially submerge them. You can either seal the jars one at a time or use a large enough tool to do several at once. Buy as many 1 QT canning/mason jars as you think you'll need (I buy them by the case), but make sure they have lid rings. Though the process isn't complex, it's best to make as many jars as you can at once if you have enough vegetables.

CANNING JELLY AND JAMS:

May-haw trees are found growing in swamps and other lowland areas, particularly in Florida. When these trees bloom in the spring, they produce a small round berry, typically about a 1/2 inch circumference. When the haw berry is ripe, it changes color from green to a bright red. It is harvested in May. Many consider this berry (actually, it is a pome) a Southern delicacy because it has been used to make jelly and syrup for generations in the region. As a result of logging, farming, and urbanization activities, the number of these trees has decreased dramatically in recent years, to the point where they are becoming increasingly rare in their natural habitat. However, because of their high value as a jelly source, these trees are now being planted; thriving in dry orchards; well-drained. There is a mint jelly recipe and others that have a delicious taste and a detailed process of making them.

FOLLOW THESE STEPS BEFORE FILLING YOUR JARS:

TO CLEAN THE JARS:

Fill a sink halfway with hot, soapy water.

Fill the container with hot water after rinsing.

Please make a note of it.

Fill half of the canning kettle with hot tap water and set it aside. Set a burner to a high setting and turn it on.

Fit the lids and rings together in a medium saucepan and cover with water, bringing it to a gentle simmer (you are making them sterile).

Bring the brine (which includes water, vinegar, and salt) to a boil in a large saucepan. Off the heat once the water has boiled.

PREPARING THE JARS:

Sprinkle a layer of dill and a garlic clove or two at the bottom of each one before filling them (if you are using it). Fill the jar almost to the brim with cukes from your organic garden that has been tightly packed. Two layers may be required to accomplish this. Add a few more dill and garlic sprigs to the top of the dish.

Pour in the brine, leaving about a half-inch of space at the top of the pan.

Make sure the lid is tightly sealed by screwing it on with the ring gasket.

Place the jars in a pan (or canner) filled with water until the water reaches the jars' neck.

Bring the water to a boil, but don't quite get it there (should be about 15 minutes, depending)

Remove the jars from the oven and place them on a dishtowel. Cover with a cleaning towel; put aside to cool.

Look for the seal (indented lid). It is possible to re-seal them in near-boiling water if they are not correctly sealed initially.

Content, date, and recipe should be labeled on the jars/lids (so you will know which ones you like better).

Keep it in a cool, dry location.

Pickled Green Beans

Ready in about: 30 min

Servings: 4 Pints

INGREDIENTS

- 4 tsp. dill seed or 4 dill heads fresh
- 2½ cups white vinegar
- 1¾ lb. fresh green beans, trimmed
- 1 tsp. cayenne pepper
- 2½ cups water
- 4 tbsp. canning salt
- 4 garlic cloves, peeled

DIRECTIONS

1. Fill 4 hot 1-pint jars to within 1/2-inch of the top with beans. Fill jars halfway with cayenne pepper, garlic, and dill seed.
2. Take up the water, vinegar, and salt to a boil in a large saucepan.
3. Ladle hot liquid carefully over beans, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace with a hot mixture. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Favorite Bread & Butter Pickles

Ready in about: 55 min

Servings: 5 Pints

INGREDIENTS

- ½ medium sweet red pepper, sliced
- 10 cups sliced cucumbers
- 1½ quarts ice water
- 1½ cups sliced onions
- 4 tbsp. canning salt
- ½ medium green pepper, sliced
- 1½ tsp. ground turmeric
- 3 cups sugar
- 1½ tbsp. mustard seed
- 3 cups white vinegar
- 1½ tsp. celery seed
- ¼ tsp. ground cloves

DIRECTIONS

1. Take the large bowl; add cucumbers, onions, and peppers. Combine ice water and salt in a separate large bowl; pour over vegetables. Allow 3 hours.
2. Vegetables should be thoroughly rinsed and drained. Vegetables should be packed to within 1/2 inch of the top of eleven hot 1-pint jars.
3. Bring sugar, vinegar, mustard seed, celery seed, turmeric, and cloves to a boil in a Dutch oven. Ladle hot liquid over vegetable mixture with caution, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace by adding hot liquid. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Fill canner halfway with jars, ensuring that they are entirely submerged in water. Take up the boil; continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Watermelon Rind Pickles

Ready in about: 55 min

Servings: 4 Pints

INGREDIENTS

- 2 cups white vinegar
- 6 cups water
- 8 cups Peeled & sliced watermelon rind
- 1 tsp. whole peppercorns
- 1 cup canning salt
- 6 cinnamon sticks, divided
- 1 tsp. whole cloves
- 4 cups sugar

DIRECTIONS

1. In a large ceramic bowl, combine rind, water, and salt. Leave in refrigerator for overnight. Rinse and drain thoroughly.
2. Combine sugar, vinegar, two cinnamon sticks, cloves, and peppercorns in a Dutch oven. Raise the heat to high; take up the boil. Add rinds and get back to a boil. Reduce to low heat and cook, covered, for 10 minutes or until tender. Remove cinnamon sticks from the mixture.
3. Ladle hot mixture carefully into four hot 1-pint jars, leaving 1/2-inch headspace. Each jar should have one remaining cinnamon stick. Remove air bubbles and, if necessary, adjust headspace with a hot mixture. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Mild Tomato Salsa

Ready in about: 1 hour

Servings: 10 Pints

INGREDIENTS

- 15 garlic cloves, peeled & minced
- 35 medium potatoes, peeled & quartered
- 1 celery rib, diced
- 5 jalapeno peppers, seedless & chopped
- 4 medium green peppers, diced
- 3 large onions, diced
- 1 sweet red pepper, chopped
- 24 oz. tomato paste
- 1¾ cups white vinegar
- 4 tbsp. canning salt
- ½ tsp. hot pepper sauce or according to taste
- ½ cup sugar

DIRECTIONS

1. Cook tomatoes, uncovered, over medium heat in a large stockpot for 20 minutes. Return tomatoes to the pot, reserving 2 cups liquid.
2. Combine the green peppers, onions, tomato paste, vinegar, sugar, red pepper, celery, garlic, jalapenos, canning salt, hot pepper sauce, and reserved tomato liquid in a large mixing bowl. Raise heat to high; take up the boil. Low the heat; continue to cook, uncovered, for 1 hour, stirring frequently.
3. Fill ten hot 1-pint jars halfway with hot mixture, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace with a hot brew. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 20 minutes. Remove jars from heat and allow them to cool.

Plum Conserve

Ready in about: 50 min

Servings: 7 half pints

INGREDIENTS

- ½ cup mandarin oranges, diced & thinly sliced
- 1 cup walnuts, coarsely chopped
- 2 lb. medium plums, pitted & quartered
- 1¾ oz. powdered fruit pectin
- 1½ cups dried cranberries
- ½ cup orange juice
- 3 cups sugar, divided

DIRECTIONS

1. Combine plums, cranberries, oranges, orange juice, and 2-1/2 cups sugar in a Dutch oven. Combine remaining sugar and pectin in a separate bowl; set aside. Bring to a full rolling boil over high heat, constantly stirring, for about 15 minutes, or until slightly thickened and plums soften. Return to a full rolling boil, mixing in pectin mixture and walnuts. Bring to a boil and stir for 1 minute.
2. Take the pan off the heat. Fill 7 hot half-pint jars halfway with hot mixture, leaving 1/4-inch headspace. Remove air bubbles and, if necessary, adjust headspace with a desirable combination. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
3. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Pickled Peaches

Ready in about: 35 min

Servings: 12

INGREDIENTS

- 1 cup water
- 6 cinnamon sticks
- 2 tsp. fresh ginger root, thinly sliced
- 18 cloves, whole
- 12 medium peaches, peeled, pitted & diced
- 3 cups sugar
- 1 cup white vinegar
- 24 whole peppercorns

DIRECTIONS

1. Distribute the cinnamon sticks, peppercorns, cloves, and ginger slices evenly among six hot pint jars; top with peaches.
2. Bring sugar, vinegar, and water to a boil in a large saucepan. Ladle hot liquid carefully over peaches, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace with a hot mixture. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
3. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 15 minutes. Remove jars from heat and allow them to cool.

Homemade Canned Spaghetti Sauce

Ready in about: 0 min

Servings: 9 quart

INGREDIENTS

- 1 cup + 2 tbsp. bottled lemon juice
- 25 lb. tomatoes (about 80 medium)
- 2 tsp. crushed red pepper flakes
- 8 garlic cloves, minced
- 4 tsp. dried oregano
- 4 large green peppers, seedless
- 2 cans (each weight 12 oz) tomato paste
- 4 tbsp. canola oil
- 2 tsp. dried basil
- 4 large onions, finely diced
- 2/3 cup sugar
- 4 tbsp. salt
- 2 tsp. Worcestershire sauce
- 2 bay leaves
- 2 tsp. dried parsley flakes

DIRECTIONS

1. Take up 2 quarts of water to a boil in a Dutch oven. Place tomatoes, one at a time, in boiling water using a slotted spoon for 30-60 seconds. Each tomato should be removed and immediately immersed in ice water— Tomatoes should be peeled and quartered; placed in a stockpot.
2. Pulse green peppers and onions in batches until finely chopped in a food processor; transfer to a stockpot. Combine the 11 ingredients listed below. Bring to a boil with enough water to cover. Reduce to low heat and continue to cook, uncovered, for 4-5 hours, stirring occasionally.
3. Discard bay leaves. In each of nine hot 1-qt jars, add 2 tablespoons lemon juice. Fill jars halfway with hot mixture, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace by adding the desired combination. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 40 minutes. Remove jars from heat and allow them to cool.

Pickled Brussels sprouts

Ready in about: 40 min

Servings: 6 Pints

INGREDIENTS

- 3 lb. fresh Brussels sprouts, trimmed & halved
- 1 tbsp. whole peppercorns
- 1 medium-size onion, sliced
- 2 tsp. red pepper flakes, crushed
- 2½ cups white vinegar
- 2½ cups water
- ½ cup sugar
- 6 cloves of garlic, halved
- 1 tbsp. celery seed
- 1 medium-size sweet red pepper, chopped
- 3 tbsp. canning salt

DIRECTIONS

1. Bring a Dutch oven to a boil by filling it 3/4 full of water. Cook Brussels sprouts in batches for 4 minutes, uncovered, or until crisp-tender. With a slotted spoon, remove and immediately submerge in ice water. Drain and pat completely dry.
2. Fill six hot 1-pint jars halfway with Brussels sprouts. Distribute the garlic and pepper flakes evenly among the jars.
3. Bring the remaining ingredients to a boil in a large saucepan. Ladle hot liquid over Brussels sprouts with caution, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace with a hot mixture. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Dill Pickles

Ready in about: 1 hr 05 min

Servings: 9 quarts

INGREDIENTS

- 12 lb. cucumbers cut lengthwise
- 5 cups white vinegar
- 11 cups water
- 9 dill sprigs or heads
- 18 hot chilies, dried
- 18 garlic cloves, peeled
- 1 cup canning salt

DIRECTIONS

1. Bring water, vinegar, and salt to a boil in a stockpot; cook for 10 minutes—pack cucumbers into nine hot quart jars to within 1/2-inch of the top. Each jar should contain one dill head, two garlic cloves, and two peppers.
2. Ladle hot mixture carefully into jars, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace by adding the desired combination. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
3. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 15 minutes. Remove jars from heat and allow them to cool.

Freezer Cucumber Pickles

Ready in about: 20 min

Servings: 10 Pints

INGREDIENTS

- 2 cups cider vinegar
- $\frac{3}{4}$ cup water
- 4 lb. cucumbers, sliced
- 4 cups sugar
- 8 cups sliced onions
- 4 tbsp. salt

DIRECTIONS

1. Boil ten 2-cup plastic containers and lids; dry entirely. Cucumbers, onions, salt, and water should be divided between two large bowls. Allow 2 hours at room temperature. Avoid draining.
2. Each bowl should contain 2 cups sugar and 1 cup vinegar; stir until the sugar is dissolved. Transfer to prepared containers, leaving a 1-inch headspace for expansion; store in the freezer for up to 6 months.
3. Refrigerate pickles for 8 hours before using. Serve within two weeks of defrosting.

Pickled Sweet Peppers

Ready in about: 45 min

Servings: 5 Pints

INGREDIENTS

- 5 large-size sweet red peppers
- 8 banana peppers
- 1 medium-size onion, sliced
- 8 cloves of garlic, peeled
- 1¼ tbsp. canola oil
- 2½ cups water
- 2½ cups white vinegar
- 1¼ cups sugar
- 2 tsp. canning salt

DIRECTIONS

1. Remove and discard seeds from red and banana peppers; pack peppers into 5 hot 1-pint jars within 1/2 inch of the top. Divide the onion, garlic, and oil evenly between the jars.
2. Take up the water, vinegar, sugar, and salt to a boil in a large saucepan. Ladle hot liquid over pepper mixture with caution, leaving 1/2-inch headspace. Remove air bubbles and, if necessary, adjust headspace by adding hot liquid. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
3. Set jars in the canner filled midway with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 15 minutes. Remove jars from heat and allow them to cool.

Rhubarb Raisin Marmalade

Ready in about: 35 min

Servings: 4 Pints

INGREDIENTS

- 1½ cups strawberries, fresh or frozen
- 2 medium-size oranges
- 6 cups diced rhubarb, fresh or frozen
- 1 cup raisins
- 6 cups sugar
- 1 medium-size lemon
- Pinch of salt

DIRECTIONS

1. Orange and lemon peels should be finely grated; juices should be squeezed and reserved. Combine the peels, juices, sugar, rhubarb, strawberries, and salt in a Dutch oven. Over moderate flame, cook; stir until sugar is dissolved; add raisins. Take up the boil; reduce to low heat and cook until thickened, about 5 minutes.
2. Remove pan; skim off any foam. Ladle hot mixture carefully into hot pint jars, leaving 1/4-inch headspace. Remove air bubbles; wipe rims and adjust lids—then process in a boiling-water canner for 10 minutes.

Tangy Pickled Mushrooms

Ready in about: 1 hr 10 min

Servings: 8 Pints

INGREDIENTS

- 2 large-size onions, halved & sliced
- 5 lb. fresh mushrooms, small-size
- 1½ cups canola oil
- 2 cups white vinegar
- 3 cloves of garlic, minced
- 1½ tsp. pepper
- 2 tbsp. canning salt
- ¼ tsp. dried tarragon
- 4 tbsp. sugar

DIRECTIONS

1. In a stockpot, combine all ingredients. High the heat; bring to a boil. Then low heat the heat. Cover; cook for 10 minutes. Ladle hot mixture carefully into eight hot 1-pint jars, leaving 1/2-inch headspace.
2. Remove air bubbles and, if necessary, adjust headspace with a hot mixture. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight. Fill canner halfway with jars, ensuring that they are entirely submerged in water. Bring to a boil—continue cooking for 20 minutes. Remove mason jars from heat and cool.

Sweet & Spicy Pickled Red Seedless Grapes

Ready in about: 45 min

Servings: 5

INGREDIENTS

- 4 jalapeno peppers, seedless & sliced
- 5 cups red grapes, seedless
- 2 cinnamon sticks, halved
- 2 tbsp. mashed fresh ginger root
- 2 tsp. mustard seed
- 4 whole star anise
- 2 tsp. coriander seeds
- 1 cup dry red wine
- 2 cups white wine vinegar
- 1 cup water
- 2 cups brown sugar
- 1½ tsp. canning salt

DIRECTIONS

1. Fill four hot 1-pint jars to within 12-inch of the top with grapes. Distribute the jalapenos, ginger, cinnamon, star anise, coriander seeds, and mustard seeds evenly between the jars.
2. Combine brown sugar, vinegar, water, wine, and canning salt in a large saucepan. Bring to a boil; cook for 15-18 minutes, or until liquid is reduced to 3 cups.
3. Ladle hot liquid carefully over grape mixture, leaving a 2-inch headspace. Remove air bubbles and, if necessary, adjust headspace by adding hot liquid. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Fill canner halfway with jars, ensuring that they are entirely submerged in water. Take up the boil; continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Sweet and Sour Zucchini Pickles

Ready in about: 1 hr 10 min

Servings: 6 Pints

INGREDIENTS

- 1 large-size onion, thinly sliced
- 11 cups zucchini, thinly sliced
- 4½ cups white vinegar
- 1½ tsp. ground turmeric
- 1 tbsp. mustard seed
- 3 cups sugar
- 1/3 cup canning salt

DIRECTIONS

1. Take the large ceramic bowl, combine the zucchini and onion. Powder salt and toss well to coat. Cover with water and set aside at room temperature for 2 hours. Drain; thoroughly rinse and drain.
2. Combine the remaining ingredients in a 6-quart stockpot. Bring to a boil, constantly stirring, until sugar dissolves. Reduce to low heat and simmer for 5 minutes to allow the flavors to meld. Return to a boil, stirring occasionally, and add zucchini mixture. Reduce to low heat and cook, covered, for 4-5 minutes, or until thoroughly heated.
3. Ladle hot mixture carefully into six hot 1-pint jars, leaving 1/2-inch headspace in each. Remove any remaining air bubbles and, if necessary, adjust headspace with hot pickling liquid. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
4. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Dill Pickled Carrots

Ready in about: 1 hour

Servings: 10 Pints

INGREDIENTS

Brine:

- 6 cups white vinegar
- 4 tbsp. pickling salt
- 6 cups water

In each jar:

- Carrots to fill the jars
- ½ tbsp. pickling spice
- 1 tsp. dill weed, dried
- 1 garlic clove, minced
- 1 tsp. red pepper flakes (optional)

DIRECTIONS

1. Clean jars, lids in hot soapy water; set aside on a silicone mat-lined baking sheet in a 225F oven until ready to use.
2. Fill water bath canner halfway with enough water to cover jars and begin heating.
3. In a large saucepan, combine the brine ingredients and bring to a boil, then reduce to a simmer.
4. Meanwhile, thinly slice carrots to the desired size and prepare jar ingredients.
5. Remove jars from the oven and add spices. While still hot, stuff with carrots and fill with brine, leaving 1/2-inch headspace. Before sealing each jar with a hot lid, wipe the rim clean. Screw bands on finger tight - I usually spin them until the jar begins to turn with the cover, and then back off by about an eighth of a turn.
6. Using jar lifters, carefully place filled jars in a hot water bath canner and bring to a boil—continue boiling for 15 minutes.
7. Remove from water bath canner and cool for 24 hours untouched before transferring to a cool, dark storage location.
8. Allow 3-4 weeks for storage before sampling!

Mulberry Jam Recipe

Ready in about: 25 min

Servings: 5 small jars

INGREDIENTS

- 4 tbsp. lemon juice
- 4 cups of crushed mulberries
- 2 tsp. Pomona's Pectin powder
- 2 tsp. calcium water (mix with Pomona's Pectin)
- 1 cup sugar

DIRECTIONS

1. Sterilize and keep warm five 8-ounce jars—prepare lids and rings. Bring water bath canner to a boil.
2. Add sugar, pectin powder to the small bowl. Don't ignore this step, or your pectin will clump. Place aside.
3. Combine mulberries, lemon juice, and calcium water in a large, non-reactive pot. Bring to a boil over high heat.
4. Add sugar-pectin mixture and vigorously stir mulberry jam for 1-2 minutes to dissolve pectin. Take up the boil and turn off the heat.
5. Fill sterilized jars halfway with mulberry jam, leaving 1/4-inch headspace. Clean finely the rims, screw on the lids. Leave in the water bath canner for ten minutes. Once opened, the jam will keep for approximately three weeks. 5 half-pints

Pickled Jalapenos

Ready in about: 1 hour

Servings: 1½ quart

INGREDIENTS

- 1 lb. jalapeno peppers, sliced
- 2 tbsp. white sugar
- 1 cup water
- 1 tbsp. salt
- 1 cup vinegar
- 2 cloves garlic, mashed

DIRECTIONS

1. In a medium-high-heat saucepan, combine vinegar, water, sugar, salt, and garlic. Bring to a boil, constantly stirring, until the sugar and salt dissolve completely. Take the pickling liquid off the heat.
2. Incorporate the jalapeno peppers into the pot. Allow standing for approximately 15 minutes or until slightly cooled.
3. Transfer jalapeno peppers to a large Mason jar and fill halfway with pickling liquid. Allow nearly 30 minutes for cooling to room temperature. Refrigerate covered.

Crisp Pickled Green Beans

Ready in about: 1 hr 10 min

Servings: 6 half-pints jars

INGREDIENTS

- 2½ cups white vinegar, distilled
- 1 bunch fresh dill weed
- 2½ lb. fresh green beans
- 1 garlic clove, peeled
- 4 tbsp. salt
- 2 cups water

DIRECTIONS

1. Sterilize and keep warm six (1/2 pint) jars with rings and lids—Trim green beans to 1/4 inch shorter than the height of your jars.
2. Transfer water, vinegar, and salt to the large saucepan. Bring to a rolling boil over high heat, adding garlic. Place 1 sprig of dill in each jar. Green beans should be packed into jars so that they stand on their ends.
3. Fill the jars to within 1/4-inch of the tops with the boiling brine. Discard the garlic; seal the jars with lids and rings. Place in a hot water bath with enough water to cover them by 1-inch. Simmer for 10 minutes, but do not boil. Allow coming to room temperature. By pressing on the center of the lid, inspect jars for a good seal. It should remain stationary. Any jars that do not seal properly should be refrigerated. Allow 2 to 3 weeks for pickles to ferment before eating.

Pumpkin Butter

Ready in about: 50 min

Servings: 5½ pint jars

INGREDIENTS

- 2 tsp. ground ginger
- 1 can (weight 29 oz) pumpkin puree
- 1½ cups white sugar
- 1 tsp. ground nutmeg
- 2 tsp. Ground cinnamon
- ½ tsp. ground cloves
- ¾ cup apple juice

DIRECTIONS

1. In a large saucepan, combine pumpkin, apple juice, spices, and sugar; stir well. Bring to a boil the mixture. Low the heat; continue cooking for 30 minutes, or until thickened. Frequently stir.
2. Transfer to sterile containers and refrigerate until ready to serve.

Spicy Cayenne Tomato Jam

Ready in about: 4 hr 30 min

Servings: 2-pint jars

INGREDIENTS

- 1 large-size apple, peeled & chopped
- 4 lb. tomatoes, peeled and chopped
- 4 tbsp. apple cider vinegar
- 1 yellow onion, peeled & diced
- 3 tbsp. lemon juice
- ½ cup brown sugar
- ½ tsp. cayenne pepper powder
- 1 tsp. salt
- 1 cup sugar

DIRECTIONS

1. Bring to a boil the tomatoes, apple, sugar, onion, brown sugar, apple cider vinegar, lemon juice, salt, and cayenne pepper in a large pot. Reduce to low heat and continue to cook, occasionally stirring, until dark and syrupy, about 2 hours 30 minutes. Continue simmering for approximately 30 minutes longer or until the mixture thickens to a jam-like consistency.
2. Remove jam from the flame; allow cooling to room temperature, about 1 to 2 hours. Refrigerate in covered containers.

Chunky Peach Spread

Ready in about: 30 min

Servings: 2-pint jars

INGREDIENTS

- 2 tbsp. lemon juice
- 1 envelope unflavored gelatin
- 7 medium-size peaches
- 1/3 cup sugar
- 4 tbsp. cold water

DIRECTIONS

1. Bring a large saucepan of water to a boil, two-thirds full. Each peach should have a shallow cut on the bottom. Place a few peaches at a time, using tongs, in boiling water for 30-60 seconds or until the skin begins to loosen. Take peaches out of the water and immediately place them in ice water. Scraped off the skins with the tip of a knife; discarded skins. Chop the peaches.
2. Powder gelatin over chill water in a small bowl; set aside for 1 minute. Meanwhile, combine peaches, sugar, and lemon juice in a large saucepan and bring to a boil; after the boil, mash the peaches. Reduce to low heat and cook, covered, for 5 minutes. Cook for 1 minute longer, constantly stirring, until gelatin is completely dissolved—cool 10 minutes. Transfer into jars, store in the refrigerator.

Raspberry Mint Jam

Ready in about: 40 min

Servings: 4 Pint jars

INGREDIENTS

- 1 cup mint, freshly minced
- 6 oz. liquid fruit pectin
- 8 cups fresh raspberries
- 6½ cups sugar
- ½ tsp. butter

DIRECTIONS

1. Combine raspberries, sugar, and butter in a Dutch oven. Bring to a full rolling boil, constantly stirring, over high heat. Incorporate pectin. Boil for an additional minute, stirring constantly.
2. Remove and scrape off any remaining foam. Incorporate mint. Fill eight hot half-pint jars halfway with hot mixture, leaving 1/4-inch headspace. Remove air bubbles and, if necessary, adjust headspace by adding the desired combination. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
3. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and continue cooking for 10 minutes. Remove jars from heat and allow them to cool.

Cherry Pear Conserve

Ready in about: 1 hr 35 min

Servings: 10 Pints

INGREDIENTS

- 2 cans crushed pineapple, undrained
- 2 medium-size lemons
- 2 cups raisins
- 8 cups ripe pears, peeled & chopped
- 2 medium-size limes
- 2 cans pitted tart cherries, drained
- 1-1/3 cups walnuts, coarsely chopped
- 10 cups sugar

DIRECTIONS

1. Grate the peel from the lemons and limes; set aside the peel. Lemons and limes should have the pith removed; section the fruit and place in a large bowl. Combine the lemon and lime peel, pears, cherries, pineapple, and raisins, as well as the sugar. Refrigerate overnight.
2. Transfer to a large Dutch oven or kettle. Cook for 50-60 minutes until thickened, over medium heat. Add nuts and bring to a boil. Take the pan off the heat. Ladle into hot sterilized jars immediately, leaving 1/4-inch headspace. Adjust caps—the process in a boiling water bath for 10 minutes.

Peach Salsa

Ready in about: 3 hr 20 min

Servings: 5 Pint jars

INGREDIENTS

- 1 medium-size onion, chopped
- 12 medium-size tomatoes, chopped
- ½-2/3 cup packed brown sugar
- 4 jalapeno peppers, seedless & chopped
- 4 garlic cloves, mashed
- 4 tbsp. minced fresh cilantro
- 1 tsp. salt
- 6 oz. tomato paste, canned
- 4 medium-size peaches, freshly peeled & chopped

DIRECTIONS

1. Combine the first seven ingredients in a 5-quart slow cooker; stir in 2 cups peaches. Cover and cook on low for 3-4 hours, or until the onion is tender.
2. In a slow cooker, combine the tomato paste and remaining peaches. Cool. Transfer to containers that are covered. Leave in the fridge for up to 1 week or freeze for up to 12 months—before serving, thaw frozen salsa in the refrigerator.

Ginger Pear Freezer Jam

Ready in about: 40 min

Servings: 4 half-pint jars

INGREDIENTS

- 5½ cups fresh pears, peeled & chopped
- 2 tbsp. lemon juice
- 1 tsp. minced fresh gingerroot
- 1½ tsp. grated lemon zest
- 1 tsp. vanilla extract
- 1 packet pectin for lower-sugar
- 4 cups sugar

DIRECTIONS

1. Use boil water to rinse seven 1-cup plastic containers and lids. Dry entirely. Combine pears, pectin, lemon juice, lemon zest, and ginger in a Dutch oven. Take up the boil, constantly stirring, over high heat. Add sugar and combine. Boil for 1 minute, continually stirring. Add vanilla extract.
2. Remove from flame and scrape off any remaining foam. Fill all containers to within 1/2 inch of the tops immediately. Wipe the top edges of containers clean; cover immediately with lids. Allow 24 hours at room temperature.
3. Jam is now available for use. Available for use up to 3 weeks or freeze additional containers for 12 months—Refrigerate frozen jam before serving.

Cinnamon Blueberry Jam

Ready in about: 20 min

Servings: 4 half-pint jars

INGREDIENTS

- 1 tbsp. bottled lemon juice
- 1 lb. fresh blueberries
- 3 oz. Liquid fruit pectin
- $\frac{1}{4}$ tsp. ground cinnamon
- $3\frac{1}{2}$ cups sugar
- $\frac{1}{8}$ tsp. ground cloves

DIRECTIONS

1. Mashed the blueberries; measure $2\frac{1}{2}$ cups and place in a large saucepan. Bring the sugar, lemon juice, cinnamon, and cloves to a rolling boil, stirring constantly, over high heat. Stir in the pectin quickly. Return to a full rolling boil; continue to cook for 1 minute, stirring constantly.
2. Take the pan off the heat and skim off any foam. Ladle hot mixture carefully into warm half-pint jars, leaving $\frac{1}{4}$ -inch headspace. Remove air bubbles; wipe rims and adjust lids—process in a boiling-water canner for 10 minutes.

Apricot Habanero Jam

Ready in about: 25 min

Servings: 6 Pints

INGREDIENTS

- 3½ lb. fresh apricots
- 4 habanero peppers, seedless
- 6 tbsp. lemon juice, not fresh
- 7 cups sugar
- 1 packet (1-3/4 oz) fruit pectin powder

DIRECTIONS

1. Place pitted, chopped apricots in the stockpot; add lemon juice. In a blender, combine the habanero with a bit of apricot mixture; cover and process until smooth. Back to the pan, add in pectin. Bring to a full rolling boil, constantly stirring, over high heat. Add sugar and bring back to a full rolling boil. Bring to a boil and stir for 1 minute.
2. Remove from temperature; scrape off any remaining foam. Fill 11 hot sterilized jars halfway with hot mixture, leaving 1/4-inch headspace. Remove air bubbles and, if necessary, adjust headspace with a desirable combination. Clean the rims—screw BravoTable lids in the center of jars; secure with bands until fingertip tight.
3. Place jars in a canner filled with simmering water, ensuring that they are entirely submerged. Bring to a boil and cook for ten minutes. Remove jars from heat and allow them to cool. Allow 2 weeks for the processed jam to be set up at room temperature for best results.

Canned Coffee Jelly

Ready in about: 40 min

Servings: 6 half-Pint jars

INGREDIENTS

- 4 tbsp. lemon juice
- 4 cups strongly brewed coffee (darker roast preferably)
- 1-1/3 cups Dutch gel pectin
- 5½ cups granulated sugar

DIRECTIONS

1. In a 4-quart saucepan, combine the coffee and lemon juice and boil over high heat. Separately, whisk together the sugar and Dutch Gel Pectin in a separate bowl. Add the sugar all at once to the boiling coffee mixture; whisk firmly for 2 minutes, or until the pectin and sugar are completely dissolved. Bring the mixture back to a full rolling boil and continue to cook for exactly one minute. Remove the pan and ladle it into clean 8-ounce jars, wiping the rims with a damp paper towel before screwing on new, two-piece lids until fingertip tight.
2. Leave the jars for 10 minutes in the Boiling Water Bath. Transfer carefully to a cooling rack or a tea towel on the counter and allow cooling completely, undisturbed, overnight. Remove the rings, wipe clean, and label the jars once they have cooled. The jelly should be stored in a cool, dark place that is not subject to temperature fluctuations. It is most effective when used within a year.

Pickled Green Onions

Ready in about: 30 min

Servings 1-quart Mason jar

INGREDIENTS

- 30 green/spring onions
- 1½ cups apple cider vinegar
- 3 cups filtered water
- 1½ tbsp. Salt
- ½ tsp. dried dill (if you like)
- ½ tsp. Mustard seeds
- ½ tsp. whole black peppercorns

DIRECTIONS

1. Heat the water, vinegar, and salt until the salt is completely dissolved in a medium saucepan over medium-low heat. Set aside to cool completely before using.
2. While the water, vinegar, and salt come to a boil, trim the green onions' ends.
3. Remove the tops of the green onions at the point where they begin to resemble a 'fork in the road.' These should be reserved for fresh chives.
4. In a 1-quart mason jar, combine peppercorns, mustard seeds, dried dill, and crushed red pepper (optional).
5. Stuff the jar with the cut onions. Closely pack them.
6. Over the onions, pour the liquid from the saucepan. Allow approximately one inch of headspace. The liquid should be slightly hot. It is desired because it "cooks" the onions slightly.
7. Allow cooling to room temperature before serving.
8. Cover it with a lid and place it in the refrigerator.
9. It should be ready in 12 hours, but the best flavor is obtained after three to seven days!
