ABOUT US

WHO IS FLEX SUPPLY CHAIN SERVICES

FLEX Supply Chain Services makes your business flow. Founded in the Kingdom of Saudi Arabia in 2017, we are one of the Kingdom's leading supply chain management companies, custom designing and implementing industry-leading solutions in both Supply Chain Services and Logistics

Our corporate headquarters, located in the Eastern region of Saudi Arabia, provides the advantage of strong connections with major road, air, and ocean carriers, enabling customers to enjoy competitive rates and reliable international logistics services.

With 3 regional clusters around the Kingdom, the FLEX SCS guarantee is operational excellence to the entire GCC region and beyond, providing fully visible, transparent and competitive solutions through integrated processes to deliver on the most complex supply chain projects.

WHAT MAKES US UNIQUE- WHY FLEX

At FLEX SCS, we don't have clients – we have strategic business partners. We are committed to developing long-term collaborative partnerships. Globally, the process of Supply Chain Management is constantly changing, so are your needs. At FLEX SCS, we are committed to meet this challenge.

No matter how big or small your shipment, we have a proven track-record to “deliver” due to our global presence which ensures fast, reliable, secure and professional supply chain solution - always.

OUR VISION

To be the instinctively chosen supply chain partner in KSA, the GCC region and beyond, through unparalleled service, industry knowledge and cutting edge solutions for any challenges clients may face.

OUR MISSION

An unswerving commitment to drive continuous service improvement, with world-class technology, superlative infrastructure, and engaged human capital, which delivers environmentally responsible supply chain solutions to our business partners.

OUR FOOTPRINT

Founded in the Eastern Province of the Kingdom of Saudi Arabia, Flex SCS is proud to serve our strategic business partners around the globe and in particular across the Kingdom of Saudi Arabia, GCC and Middle East.

The background of the slide features a high-angle, black and white photograph of a modern glass skyscraper. The building's facade is composed of a grid of rectangular windows. In the foreground, the silhouettes of numerous business professionals are visible, some standing in groups and others walking. These silhouettes are reflected on the polished, glass floor of the building, creating a symmetrical effect. An orange rectangular overlay is positioned in the center of the image, containing the text 'COMPANY OVERVIEW' in white, bold, sans-serif capital letters.

COMPANY OVERVIEW

COMPANY OVERVIEW

At FLEX SCS, we offer our customers and partners in Saudi Arabia and the GCC region, flexible ‘out-sourcing’ options – combining intercontinental Air and Ocean Freight, with comprehensive Value-Add Logistics services such as 3PL Warehousing, Forwarding & Clearing and Transportation Management.

We optimize all activities around information, material, your current human resources, and financial flow - providing globally integrated end-to-end solutions, tailored to our customers’ supply chain management needs with a special commitment to industry-specific requirements.

The range of Supply Chain Solutions can range from simple transport or storage to complex operations. As each company has its own requirements, we provide you with what you need – when you need it.

The FLEX SCS ‘out-sourcing’ approach helps you build capacity within your company whilst leveraging our industry expertise – sharing knowledge, improving service levels, reducing costs and improving your margins and market share. Best of all, you have complete visibility, transparency and control.

WAREHOUSING SOLUTIONS

As a third party logistics provider, we typically specialize in an integrated operation, long or short term warehousing services, that can be scaled and customized to your needs, based on market conditions and the demands and delivery service requirements for your product and material.

FLEX SCS operates and professionally manages, secure, multi-purpose storage facilities around the Kingdom of Saudi Arabia.

FLEX SCS's Warehouse Hubs and Distribution Fulfillment Centers are strategically designed as multi-purpose warehouse facilities in each region - which create FLEX SCS "Hubs" providing flexible space and labor expansion to support peak and seasonal demands - in addition to capacity shortages and emergencies, to serve same-day and next-day service.
